FLOODS AND GALES IN EUROPE CAUSE IMMENSE DAMAGE

Hundreds of Lives Lost in
Many Places; Rumania
Suffers Most.

ENGLAND LASHED BY HEAVY GALES

Rivers Swollen, Much Land
Under Water; Vessels
Hurry to Port.

Europe is suffering heavy damage
and loss of life, due to swollen rivers
caused by unseasonable thaws and
heavy rains.

In Rumania there are reports of
many lives lost. Thorenburg is re-
ported to have been under water for
several days, with the loss of a num-
ber of lives and great property dam-
age. Other districts of Rumania and
Hungary have suffered greatly.

Germany's rivers are rapidly ris-
ing and already Cologne has been
partially flooded. At Coblenz and
other points along the Rhine there
are grave fears. Traffic on the Rhine
has been suspended.

The Seine in France is badly swol-
len and floods are reported from
many towns and villages.

Heavy gales are doing extensive
damage in England and shipping is
feeling for port. One unconfirmed
S. O. S. is reported from the steamer
Coronado, and a Belgian steamer has
been driven ashore at Eastbourne.

Holland's lowlands are under water.
High winds swept a motor-boat from
a ferry and drowned six persons.

Hundreds of Lives Lost

Throughout Belgium rivers and
canals have swept over their banks.

Houses and factories have been flood-
ed and abandoned. Railway traffic is
interrupted and shipping is menaced.

The total loss of life cannot be es-
timated. The reports of heaviest loss
of life came from Rumania where it
is reported without confirmation that
hundreds of lives have been lost.

The damage will mount into many
millions of dollars. From Rumania and
Hungary it is reported that it will be
many weeks before normal life can
be resumed and property restored.

The dangers of the floods have not
subsided. Floating ice chokes many
rivers, causing them to dam and over-
flow.

London reports that a gale is blow-
ing in from the Atlantic, giving hope
that a cold wave and end of the
thaw will accompany it.

Government agencies in the affected
countries are doing their utmost to
render relief. In districts of Rumania
and Hungary the military are in
complete control and local martial law
has been declared in the flooded
areas.

CRIPPLES GUESTS OF ROTARY CLUB

Children Are Entertained at
Club's Weekly Luncheon
Tuesday.

Crippled children who have been
cared for by the Salem Rotary club,
were entertained at the noonday
luncheon of the club Tuesday at the
Elks home. With the children were
Miss Hazel Linn, Miss Anna Thomas
and Miss Shope, nurses who have as-
sisted in the care of the children.

The day's program was arranged by
Chairman L. P. Metzger and his com-
mittee in charge of the club's crippled
children work, and before the lunch-
noon a group picture of the chil-
dren was taken. Favors for the spe-
cial guests kept them well enter-
tained during the serving of the meal
and the Ukelele Girls club entertained
with several selections.

Miss Doris Chandler told a story in
an entertaining manner and Johnny
Olexa, one of the crippled children,
died some gymnastic stunts which
brought forth much applause.

W. L. Strain, a member of the com-
mittee, presided over the program and
presented each child with a gift.

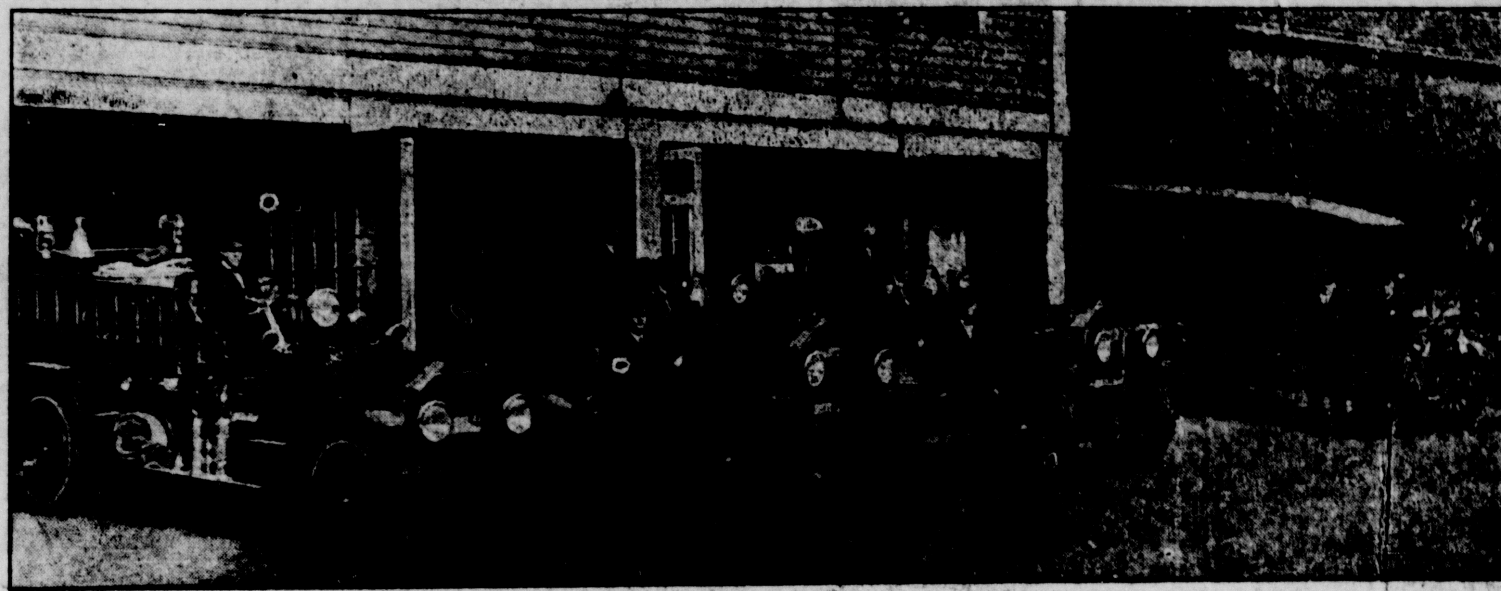

Next Tuesday noon the Rotary club
will be entertained by Brooks Emery,
son of F. J. Emery, who will speak
on the subject, "The Locarno Secu-
rity Pact." Mr. Emery has been
studying international law and Eu-
ropean conditions for the last two
years, being home from Paris on a
visit. He spoke on the same subject
today at the meeting of the Alliance
Rotary club.

LEAKS IN FEDERAL TAX LAW CHANGED; MAY ALTER POWERS

Government Loses Billions
of Dollars, Couzens
Committee Says.

Washington, Dec. 30.—In the face of
charges that the government has lost
from one to three billion dollars since
1917 through "loopholes" in the ad-
ministration of federal tax laws, con-
gress will be called upon early in the
new year to revise the administra-
tive powers of the internal revenue
bureau.

This became certain today when Sen-
ator Smoot, R. of Utah, chairman, an-
nounced that the senate finance com-
mittee would give "careful consid-
eration" to recommendations of the
couzens committee for plugging leaks in
the administration of existing revenue
statutes.

The Couzens committee, which
spent two years studying the adminis-
tration of tax laws, will be given a
hearing probably beginning Jan. 5.

At the joint session, it was learned,
the two committees will thresh out
the subjects of government losses of
tax revenues through misinterpreta-
tion of statutes, conflicting rulings by
bureau officials and alleged laxity in
enforcing the laws.

These losses have been variously
estimated by members of the Couzens
committee and officials at the treas-
ury as ranging from \$1,000,000,000 to
\$3,000,000,000 since the outbreak of
the war.

Senator Couzens, of Michigan,
chairman of the special committee,
meanwhile announced he would ac-
cept the finance committee's invita-
tion.

"Members of my committee will
appear before the finance committee
and urge our recommendations for
stopping leaks in the revenue law,"
said Couzens. "Our recommendations
will deal with amortization settle-
ments, compromises entered into by
the internal revenue bureau on
special assessments, the handling of
fraud cases and the placing of dis-
covery values upon natural resources."

The Woman's auxiliary of the
American Legion has elected these
officers for 1926:

President, Mrs. A. S. Brinkworth;
first vice president, Mrs. Agnes May-
bee; second vice president, Mrs. Jes-
sie Bradley; secretary, Miss Beesie
White; treasurer, Mrs. William An-
drew; chaplain, Mrs. John Seufert;
sergeant-at-arms, Mrs. R. W. Broom-
all.

At a meeting Tuesday evening plans
were made for the installation, which
will be held in two weeks.

It was decided to hold a rummage
sale in January, but no date was set.

DR. ELDER SPEAKS AT QUOTA MEETING

Dr. J. F. Elder, of Youngstown, Me-
honing county health commissioner,
gave a most interesting talk along the
line of public health work at a meet-
ing of the Quota club Tuesday eve-
ning at the Elks home.

Mrs. Fredericks of Sebring, sang
two vocal solos, and Miss Myers, of
Sebring, offered two piano solos.
These numbers were well received.

In two weeks the club will hold its
meeting at the Quaker Tea house Me-
Kinley ave.

DANCE — ALL-NIGHT DANCE AT LANCEY PARK, WASHINGTON, VILLAGE, NEW YEAR'S EVE, AND ALL NEW SATURDAY NIGHT. 3061

THE FAMOUS MARKET WILL BE
OPEN TILL NINE O'CLOCK THURS-
DAY NIGHT AND TILL NOON NEW
YEAR'S DAY — OPPOSITE CITY
HALL. 3061

On Thursday night, New Year's eve, members of the Salem fire de-
partment, shown in the above picture, will stage a big firemen's ball at
the Memorial building.

The proceeds of the ball will be used entirely for the purchase of
new night and day uniforms for the firemen. The city is supposed to
purchase these uniforms but has not sufficient money, so the fire fighters
are trying to raise funds for the uniforms.

Dancing will start at 9 p. m. and continue until 2 a. m. with a short
intermission at midnight for lunch. The Harmony Players will furnish the
music and several special features have been planned. The committee
states that there are plenty of tickets to be had and these may be pur-
chased from firemen.

N. ALBANY COUPLE IS CHARGED WITH ABANDONING BABY

Police Say Mother Admits
Taking Baby in Box to
Beaver Falls.

Police have identified the baby
abandoned in Beaver Falls, Pa., over
a week ago, and a young couple of
Albany, north of Salem is charged
with child abandonment.

Chief of Police T. W. Thompson
Wednesday took Mr. and Mrs. Eldon
Yates to Beaver Falls to see the
child and bring it home. It was
learned at City Hall today that the
couple is charged with abandoning
the child. It is reported that Tuesday
night the couple admitted to police
that they wrapped the child, born
Nov. 28, in clothes and placed it in a
cardboard box and took it to the Penn-
sylvania city where they abandoned
it.

Though Chief Thompson has not
seen fit to tell newspapermen about
the case since it was first reported to
him, it is said the young couple
are under \$1,000 bond on the charge,
and that the case will be turned over
to juvenile court authorities for pro-
secution.

The case was not reported by the
chief to probation officers, it was
stated today.

Shortly after a child was found in
Beaver Falls a tip was received by
police which led them to the Yates
home. The box in which the child was
found was identified as having come
from a local store, and laundry
marks on clothes were from Salem,
so the police believed they had the
right party. Mrs. Yates confessed, po-
lice say when Chief Thompson con-
fronted her with the facts.

FARMERS' EXPORT CORPORATION IS PLAN OF RELIEF

Des Moines, Ia., Dec. 30.—Iowa
presented a solid lineup today for ag-
ricultural relief in the mid-west
through an export corporation de-
signed to be worked out in such fash-
ion as shall meet even the reserva-
tions of the administration at Wash-
ington.

The program was endorsed by the
conference of political leaders, farm-
ers and bankers which held a one day
session yesterday.

The resolutions left the details of
the export plan to be worked out as a
compromise, keeping away from the
matter of governmental assumption of
loss or price fixing.

It is the president's present plan to
name Democrats on the delegation in
order to give it a non-partisan flavor,
and Davis has been proposed as a
suitable choice.

Other Democrats under considera-
tion were said to include Col. Edward
M. House, Woodrow Wilson's per-
sonal adviser; Senators Robinson, of
Arkansas; Underwood, of Alabama,
and Glass of Virginia.

For head of the delegation, the
White House is still inclined to Ex-
Secretary of State Hughes, or Elihu
Root, also a former secretary of
state.

Senator William E. Borah, R. of
Idaho, chairman of the foreign rela-
tions committee, is a choice of the
president who only last night had
Borah to the White House to dinner
when the approaching arms meet was
fully discussed. Borah, however, may
not care to accept a place, prefer-
ring to remain in the senate.

year and the report is yet incomplete.

chairman, announced Wednesday.

To date the amount is \$2,368.57.
Last year the total was \$2,272.35. The

Mother's Prayers Answered As Son's Opera Is Success

Boston, Dec. 30.—Three o'clock on
a wintry afternoon and a mother
kneelt in her modest Brookline home
and offered up this prayer:

"Oh, God, be with Frank and let
his opera be the success that he
wants it to be."

At the same hour, half across the
continent, in Chicago (2 p. m. there)
W. Frank Harling watched the start
of his jazz opera "A Light from St.
Agnes"—saw that it was a mighty
success.

Mrs. Joseph E. Harling, mother of
the composer, told today of her pray-
er—told how a few hours later there
came a telegram from Frank. "It was
like a direct answer to my prayer,"
she said.

Unlike the proverbial mother-in-law,
Mrs. Harling generously assigned all
honor to her daughter-in-law, the for-
mer Lu Garcia Mayer, concert soprano
now in Chicago sharing her husband's
triumph, she said.

"I knew the whole opera almost by
heart from hearing Frank and his
wife, 'Siwash' we call her, going
over the score here in this very
house. 'Siwash' has been my boy's
inspiration from the first."

Papa Harling, sexton in a Brookline
church rose to remark:

"Frank had it in him all the time."
Billy Harling, the composer's son,
was a proud lad today. He exhibited
a telegram from his father telling of
the success of "A Light from St. Ag-
nes" mentioned that he had been
given "A" in music at school and dis-
played a check for services as choris-
ter at a Brookline church.

Harling, his folks revealed today,
began the study of music here when
he was a boy on 25 cents, set aside
each week by his parents.

50,348 NEW HOMES FINANCED IN OHIO DURING THE YEAR

Holders and Depositors in
Associations Share Big
Dividends.

FARM BORROWERS IMPROVE POSITION

At Least 70,000 New Homes
Are Needed to Meet the
Demands of 1926.

Columbus, Dec. 30.—Stockholders
and depositors in building and loan
associations throughout Ohio will be
paid a total of \$21,250,000 in interest
and dividends, within the next few
days, according to a prepared state-
ment issued today by James A. De-
vine, secretary of the Ohio Building
Association League.

A similar payment was made in
July, last, bringing the amount paid
by the institutions in 1925 up to a
grand total of \$42,500,000.

"If easy money makes a prosper-
ous condition, then Ohioans, will be
busy folks during 1926," Devine de-
clared following a survey which he
conducted among 10,000 Ohio busi-
ness men who are directors in Build-
ing and Loan Associations. The 936
building and loan companies in Ohio
today have total assets of \$300,000,
000, a gain of \$100,000,000 during the
last 12 months.

Farmers Better Position
Devine's business survey shows
that the past year was one of the
most prosperous in the history of
Ohio Building and Loan associations,
the per capita savings in Building and
Loan Associations increasing from
\$133 to \$150. The average deposit in
these associations during the past
year increased from \$500 to \$562.

According to Devine in his survey of
Building and Loan Associations, the 936
building and loan companies in Ohio
today have total assets of \$300,000,
000, a gain of \$100,000,000 during the
last 12 months.

Ohio farmers may have had de-
creased earning power during the
last few years, but due to thrift and
economy over a period of many years
agricultural workers in Ohio have ac-
cumulated approximately \$468,000,
000 in Ohio Building and Loan Asso-
ciations. In other words, according
to Devine's survey, Ohio farmers have
more than one half the total resources
of Ohio Building and Loan Associa-
tions.

The Building and Loan survey fur-
ther shows that these institutions
during 1925 financed 75 per cent of
the home buildings in Ohio, or a

NEW MOTION LAW

Connecticut's new motor law, the financial responsibility act, became effective Jan. 1, 1926.

Another funny thing about human nature is that it would much rather buy a repossessed car on the installment plan than a used one on the installment plan, even if it has to pay a little more for it.

We used to enthrall every time we noted an extension of the operation of the merit system to new departments, but what we long for now in regard to that is efficient working in departments where it is supposed to control.

Senator Borah's arguments for recognition of Russia and against the League of Nations would make it appear that the senator would make a poor bank manager, because his idea of reforming a robber would be to make him cashier.

In case of conviction, where death or property damage exceeding \$100 has been caused, the license of the driver is held up, he cannot operate his car again until he has complied with the provisions of the financial responsibility law.

THE HANDY MAN It's the handy man about the home who makes a hit as a husband, so Dean Thomas Clark of the men's department of the University of Illinois told his students recently in an address on qualities that make for success in life.

The man of the house falls heir to many duties, is offered many opportunities, should always be able to meet an emergency with some skill, with a smile and much of good nature.

Dean Clark says the man who is helpful and willing to do those simple things about the home will know much of domestic bliss and fireside happiness, will be a success in a happy home.

Theater Patronage

Editor Salem News: I wish to remark that the disgraceful actions and the dirty, low remarks pulled off by a few cigar smoking pimps of the supposed to be hard boiled variety in the gallery of the State theatre last night is worthy of mention. Such actions were a disgrace to the loyal supporters of Rakestraw's theatre.

Similar actions have been pulled off for months, but were nothing as compared to that of last evening. If Manager Rakestraw prefers the patronage of that kind of cattle to those of respectable people, I, as well as others, would be pleased to know it.

NEARLY 60 CASES BEING PREPARED FOR GRAND JURY

Heaviest Session for Many
Years Faces Jury; 100
Witnesses in Line.

Lisbon, Dec. 30.—Preparation for a grand jury that will be held before the grand jury when it convenes next Monday morning has created unusual activity about the office of Prosecuting Attorney Robert M. Brooks, who with his assistant John E. Bauck, agent of East Palestine will present probably 60 cases to the jury. This means the heaviest grand jury in this county in recent years.

Transcripts from lower courts continue to be received by Clerk of Court Frank Ballantine, and the late ones are immediately "sent down" to the office of Mr. Brooks.

Over 100 witnesses will be summoned to appear before the grand jury from present indications. There may be more. Up to the close of business Tuesday afternoon 53 transcripts had been filed from lower courts, and at least six more are known to be ready for filing.

Sheriff George Wright, who left Lisbon Monday night for the east to conduct a probe concerning an important case that has been brought to the attention of Prosecutor Brooks will not return until Thursday, and it may follow that four charges will be filed against men to be presented to the grand jury next week.

Variety of Charges
Charges vary from the robbing of poultry houses to the furnishing of liquor that resulted in a death. One charge of arson is to be probed, and the cases against W. C. Beverly and Edward Postal will prove of interest as these two men have been charged with shady stock transactions. Beverly is out on \$5,000 bail for his appearance when wanted, while Postal is in jail under \$25,000 bond.

One of the last transcripts to be filed came from the court of Mayor Glen Lodge, Leetonia. In this instance John Fagan has been arranged on a charge of arson being charged with the burning of a coal house owned by Camelia Mauro of Leetonia, and valued at \$100. He is now held in default of \$1,000 bond.

Charges of highway robbery have been filed against others now being held in the county jail.

Several cases wherein different men have been charged with complicity in the same crimes have been consolidated, and this will tend to relieve the work of the grand jury.

It is the desire of Prosecutor Brooks to have the grand jury report to the court Thursday afternoon of next week if possible, but there is no assurance at this time that such a fast schedule will be maintained, owing to the volume of cases that are to be investigated.

200 AUTOS BURNED IN WAREHOUSE FIRE

Lake City, Fla., Dec. 20. — Fire which destroyed the Hart Cotton warehouse here today caused damage variously estimated at from \$200,000 to \$1,000,000.

Reports that more than 200 automobiles had been stored in the warehouse during the freight embargo were conflicting. Fire Chief George Adkins and police authorities believing not more than five automobiles were destroyed.

George Coburn, of the Citizens Loan and Savings Association, declared that more than 200 automobiles stored in the warehouse had been destroyed. A negro church and several nearby residences were damaged by the fire.

FLAMES WIPE OUT TWO HOTELS, PIER

Ocean City, Md., Dec. 30. — Investigation to determine the origin of the \$350,000 fire which swept here yesterday continued today as a result of reports that the blaze was of incendiary origin.

No casualties were reported today. Two hotels, a power plant and a pier were destroyed by the flames, and the town's chief water main was burst by the explosion of a gasoline tank.

The Artistic Wrap

The Season's Smartest Evening Cloak Is Richly Furred and Frequently Glitters

The newest silhouette in the mode of evening wraps pays especial attention to a complicated line and to a new treatment in fur trimmings. The fabric is no longer the only point of importance in the wrap which smartly goes to the opera or supper club. There is a brilliancy and softness about the wrap which covers the formal gown and there is also a complication of detail which makes for chic.

Rich in color and soft in draping qualities, velvet is perhaps the most successful in creating a sumptuous appearance. When velvet is used, the fur which forms its chief decoration is usually most lavishly utilized. In general, the fur has been lifted from the hem line for a higher treatment in chic. It forms elaborate collars, bell-shaped sleeves or falls in stole lines down the front of the cape. In many of the very interesting models which feature fur trimming, the fur is patched into the decoration in unusual effects. Set in circles, diamonds and squares the furs are all used in stunning details.

Embroidery, too, plays an important role in the evening mode. The elaborate cape frequently boasts an exquisite treatment of design in wool, silk or beads, and also frequently adds a glitter by metallic braids and laces.

The metal fabric is used in many of the favorite wraps and is a colorful covering.

Colleen Moore, in the First National film, "Irene," wears an evening wrap of graceful lines. Velvet is smartly cut and lavishly treated with Fox collars, cuffs and stole effect down the front.

Shocks Flier

WHEELER'S CASE MAY BE DROPPED

Washington, Dec. 30.—Department of justice officials today were studying the case of Senator Burton K. Wheeler (D) of Montana, to determine whether they would appeal action of the District of Columbia supreme court in sustaining the demurrer to the senator's indictment on charges of conspiracy to defraud the government in obtaining oil and gas land permits.

In circles close to the department, it was indicated today that the Wheeler prosecution would be dropped, following his speed acquittal in Montana on practically identical charges. Wheeler has now won a victory in federal court here. These two reverses were said to have convinced department officials that little would be gained by making a third attempt to convict Wheeler.

New Models Stimulate Milady's Sartorial Interest

New and charming models stimulate milady's interest in clothes. The raincoat of white leather (left), a Lelong model, is an example, and the dress worn under it, which is from Lanvin, a combination of shell pink bodice and Chinese silk. Banding is of narrow gold and gray braid with insets of lizard skin. White chiffon velvet trimmed with very fine silk lace and beads makes the evening frock (right). A Parisian turban (upper center) is appropriate for dress wear, as is the rather trimmed chapeau below.

LISBON CHURCHES JOIN IN SERVICES

Union Services Will Open Sunday Evening, Continue One Week.

Lisbon, Dec. 30.—The New Year's union church service which will continue for a week will open next Sunday evening in the United Presbyterian church. The last service of the series will be held the evening of Jan. 8.

A service is to be held in a different church every evening with pastor of that church presiding, but the sermon will be delivered by a minister from another church.

The program for the week of prayer is as follows:

Jan. 3—United Presbyterian church subject, "The Meaning of Christianity."
Jan. 4—First Reformed church subject, "Why Join Church."
Jan. 5—Christian church subject, "The Cost of Discipleship."
Jan. 6—First Reformed church subject, "The Unchangeable Gospel."
Jan. 7—Christian church subject, "The Neglect of Salvation."
Jan. 8—Presbyterian church subject, "The Practical Results of a Christian Life."

No minutes will be given in this church. The service will commence at 7:30 p.m. each evening and continue for one hour. Music for all services will be furnished by the choir of the church wherein the service is held.

On account of the Lisbon Methodist Episcopal church being repaired, no service will be held in that church at this time.

HARDING LETTERS MISSING; WIDOW DIDN'T DESTROY

Marion, Dec. 30.—Important letters in the late President Warren G. Harding's personal files were not destroyed by his widow, Florence Kling Harding, but were missing when she spent several weeks sorting out the president's correspondence, according to an editorial appearing in Tuesday's Marion Star.

"The assumption that all the letters sent to President Harding and all manifold copies of letters written by him were either destroyed or preserved by Mrs. Harding is erroneous," the Star declares editorially.

"The indexes which came with five boxes of letters to Marion showed letters received and letters answered, no trace of which could be found among the correspondence contained in the boxes. When such correspondence disappeared, whether days or weeks, or months before her last short stay in the White House, was unknown to Mrs. Harding. All that she knew was that it was gone. Whether it had been destroyed or existed at the time, she had no way of knowing, but her own thought was that it was still in existence. It may be yet."

What became of the letters remains a mystery which so far has baffled solution.

Lawyers Invited to Muny Court Opening

President Blaine H. Cochran and Secretary Walter B. Hill, of the Southern Columbia County Bar association, have issued an invitation to the members of the Columbia County Bar association to participate in the opening of the new East Liverpool municipal court at 10 o'clock Friday morning.

The first cases will then be tried before Judge-elect Jesse C. Hanley, former prosecuting attorney.

been asked to make the "opening" address just before the new court is opened for business. A number of attorneys from Lisbon have indicated they will attend the opening session.

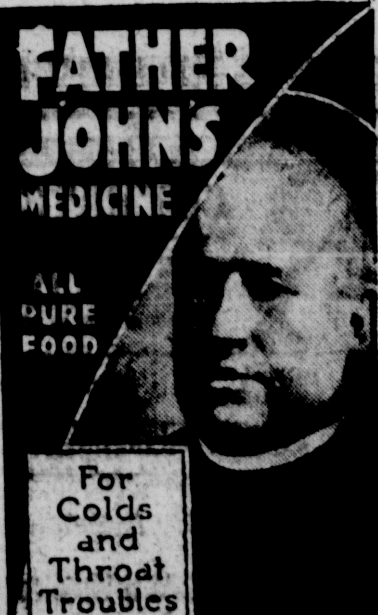

According to an estimate of the American Bankers' association \$1,000,000 a day is now pouring into Florida from other states.

Daily Fashion Note

Truly expressing the best influences of the Paris mode, this afternoon frock in black satin crepe selects fur for its trimming. The model consists of a slip and a long-waisted overdress with a flounce that has an uneven lower edge at the back. If preferred, the neck may be finished with a band to which tie-strings are attached. Medium size requires 5 1/2 yards, 36 inch material, and 2 1/4 yards fur.

Pictorial Review Printed Pattern, No. 2876. Sizes, 14 to 18 years and 34 to 44 inches bust. Price, 45 cents.

OVER 70 YEARS OF SUCCESS

20,200,000 Motor Vehicles Are Registered In United States

New York, Dec. 30.—More than 20,200,000 motor vehicles were registered in the United States in 1925. The gain over 1924 was 2,477,753, or 13.9 per cent. The total of passenger cars was 17,658,491, an increase of 2,123,753 over the previous year while the commercial vehicles total was 2,541,759, an advance of 344,325.

The figures, gathered by Motor Magazine from all states, with part of December estimated, show the second largest numerical gain ever recorded although the percentage increase was the smallest. The record year in point of numbers was 1923 when registrations leaped ahead by 3,012,896.

Comparison of retail sales figures for the United States this year with the gain in registrations indicates that more than 1,000,000 ancient vehicles were scrapped or taken out of use.

There were no especially spectacular numerical gains by states. New York has the distinction of being the first to pass the 1,500,000 mark with an increase of 264,000 cars and trucks. It now has in operation nearly three-quarters as many motor vehicles as all of Europe combined. California still is New York's closest rival, but it slipped this year, showing a gain of only 9.3 per cent as compared with 20.1 last year. Its total is 1,444,000.

The other states in the more than 1,000,000 class are Ohio with 1,400,000; Pennsylvania with 1,357,000; and Illinois with 1,265,000. Ranking next are Michigan with 993,000 and Texas with 987,000. In eighth place is Massachusetts with 764,000. Indiana is

ninth with 719,000 and Iowa tenth with 663,000. The others with half a million or more are Minnesota, Missouri, New Jersey and Wisconsin.

Florida leads the field in percentage of growth with 50.1 but its total is only 291,400 although this does not include cars operating in that state with license plates from all parts of the country.

The next highest percentage gains, in order, were: Oklahoma, 33.6; Mississippi, 30.9; Arkansas, 30.6; North Dakota, 24.3; Alabama, 23.7; Tennessee, 21.2 and Montana, 20.1.

District of Columbia had the smallest advance—only 3.1 per cent. Next smallest was South Carolina, with 4.2 and Iowa with 5.7. Others with less than 10 per cent growth are California, Maine, Nebraska and Wyoming.

CLEANUP OF DOPE RING IS ORDERED AS PEDDLER DIES

Dayton, O., Dec. 30.—A city-wide "cleanup" of an alleged dope-ring is under way here today following discovery last night of a large quantity of morphine cubes, hypodermic needles and cocaine in an apartment here.

Harry G. Ramby, 36, was found dead on a bed in the apartment as the result of alleged over-indulgence in narcotics. He had been dead for 36 hours or more, according to Coroner J. F. Torrence.

A woman, said to be Mrs. Goldie Ramby, 36, wife of the dead man, was unconscious when police broke into the place and was removed to a hospital where her condition is reported serious.

Reports that the death of Ramby was due to carbon monoxide gas from the fires were routed by Coroner Torrence, when an investigation of the room revealed about 50 cubes of morphine, 24 needles, 12 hypodermic syringes, a small quantity of cocaine and a small quantity of whiskey.

RUTH WILL ENJOY GREATEST SEASON, HIS TRAINER SAYS

And Babe's Sincere in His Reducing, Says Physical Culture Man.

By DAVIS J. WALSH

New York, Dec. 30.—George H. Ruth, well known ball player, will enjoy his greatest season in 1926, according to a statement made to the writer today by Arthur McGovern, physical culture expert, who has charge of our Mr. Ruth's midwinter conditioning at his local gymnasium. He made the statement as verbally flat footed as the most exacting could wish.

Ruth, he said, never before was in real physical health. He is now, according to McGovern, who added that the young man would be even better by the time he started south for spring training.

"Is he sincere this time?" "He is one of the most sincere workers I ever handled. Three hours daily, removing from five to seven pounds at each session, and never late for an appointment."

It also developed from McGovern's conversation that Ruth, who has lost 14 rounds in two weeks of training under the local man, will be turned loose as a first class pitcher on or about Feb. 12, weighing in the neighborhood of 212 pounds, his lowest pre-season weight of recent years.

Gains Rapidly

From McGovern's statement, it was apparent that Ruth actually had removed not less than 75 pounds since taking up the course, yet the difference in the scales showed only 14 pounds. It seemed, however, that this apparent discrepancy was easily explained.

"Ruth has such a perfect system that he can gain ten pounds in 24 hours," McGovern said. "On Saturday a week ago, he left here weighing 222 pounds. He returned on Monday weighing 231 pounds. You see, Ruth has one of the most beautiful bodies I ever have seen and his glands work so efficiently that he can get more nutriment out of a single slice of bread than the average man can get out of an entire loaf."

"Unless he trains at least one hour daily, he must take on weight and, therefore, he falls out of condition. When this happens, a lot of people are inclined to blame it on dissipation when, in reality, it is only that the big fellow has become tired of punishing himself."

Upon inquiry, the writer learned that Ruth's daily ritual is far from child's play. Of course, he goes in for handball and other games but he does not neglect the more exacting and less amusing forms of exercise.

McGRAW LEAVES FOR SOUTH WITH NO NEW PLAYERS

New York Dec. 30.—Headed south today for Florida where spaces are sub-divisions and men are realtors John McGraw left in his immediate rear a list of 38 ball players who will be taken to the training camp of the Giants and the general impression that either he has conceded the 1926 pennant to the Pittsburgh Pirates or that he has an advantageous deal in prospect.

The roster made public contains finished second to the Pirates in 1925.

McGraw cannot afford to stand pat. Yet, ostensibly, that is what he is planning to do. He said he would return to New York for the February baseball meetings, at which, he intimated, something might happen. He gave the bland impression of one who didn't care whether anything did or not.

He seemed to think that Hush Mullin, a young man who joined the club late in the 1925 season, will add the necessary sparkle to the catching staff, the remainder of which is made up of Frank Snyder and Grover Hartley. These worthies are somewhat aged.

So is Heinie Groh, slated to start at third base unless Young Lindstrom shows a return of his 1924 form. Lindstrom was more or less of a flop last year. A new centerfielder to replace Bill Southworth who seems definitely to have lost the ability he knew in Pittsburgh and Boston, also is needed. Al Tyson was a riot in Louisville but full many a small time wonder has proved a big time holoney.

RESULTS THAT LAST!

Proven By Salem People

Thousands of kidney sufferers have tried remedy after remedy with only temporary benefit. That's mighty discouraging! But one kidney remedy has earned a reputation for lasting results and there's plenty of proof right here in Salem.

Read the experience of one who used Doan's Pills years ago and now makes her endorsement even stronger.

Mrs. F. C. Duncan, 219 East Fourth st., Salem, says: "My back ached and there was a dull pain across my kidneys. I couldn't turn in bed, my back was so weak and sore. My kidneys acted irregularly. I felt tired and nervous and my head ached. Nothing gave me relief until I began taking Doan's Pills. They rid me of the attack."

FOUR YEARS LATER, Mrs. Duncan said: "Doan's Pills cured me of an attack of kidney trouble and I know from my experience they are good."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Duncan had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Adv.

HERMAN CAPTAINS INFANTRY ELEVEN

Salem Boy Notified of His Election While Visiting His Parents.

John Herman of Salem has been elected captain of the 11th infantry football team for next year. Herman is home on a short furlough and will visit with his parents, Mr. and Mrs. John Herman, Wilson st., until New Year's day.

Herman will try to lead the army eleven through a third championship year. For two years this service outfit has won the title in the Fifth Corps area and Herman, at center, has been one of the mainstays.

The Salem boy did what few college stars can boast of—he scored eight touchdowns this season by picking up opponents' fumbles and snaring passes of the enemy.

While he is home he will play with the Emanuel Lutheran church five in the church league. He stars at the age sport, track and baseball just as he does on the gridiron.

GOLF CROWN JUST FITS BOBBY JONES

Dixie Star Was Outstanding Figure on American Links in 1925.

Not since 1916 and the heyday of "Chick" Evans, has an American golfer come so close to winning both of our major golf titles as did Robert T. Jones, the well known young man during the season of 1925. Bobby went to Worcester, Mass. for the American open and finished in a tie with Willie Macfarlane, professional, for the title at 291 strokes.

An 18-hole play-off was staged and this ended in a tie also. Then, in an extra play-off of 18 holes, Macfarlane finally prevailed.

However, Robert repeated his 1924 victory in the amateur championship, a tournament that will go down in the books as unique. In the first place, only 16 qualified, leaving Francis Outmet and other champions in the outer darkness.

In the second, Jones went into the final round against Watts Gunn, his friend, pupil and protegee, whom he brought on from Atlanta merely for the experience. He got plenty; in fact, it was not until he went up against Jones his pal and protector, in the final round, that Gunn's game proved susceptible to flights of fancy Jones won easily.

Except that the trick had become rather commonplace, Jim Barnes' victory in the British open at Prestwick was worthy of a monument to the supremacy of American golf. It was the third time within a matter of four years that an American had won the English title.

Macdonald Smith went into the

final round behind a rather imposing lead, but this proved a liability rather than an asset. He drew one of the largest and most unruly galleries that ever appeared on a golf course and his game went all to seed. Barnes meantime received little attention and slipped in to the tie, almost unobserved.

Glenna Colett uncovered a return to form in winning the women's national championship at St. Louis, but earlier in the year, was unsuccessful in her invasion of England in quest of the British title. She met Joyce Wethered in one of the early rounds and the English woman established her claim to world's supremacy.

The intercollegiate golf title went to the Alleghenies for the first time in, so, these many years. Its course in fact, was south by west. The winner was G. F. Lamprecht, of Tulane.

NOTHING ORTHODOX IN SCIENCE WORLD

Nothing True Except as it Is Relatively True, Say Scientists.

Kansas City Mo., Dec. 30.—Virtually nothing is orthodox in the world of science.

Such is the aspect of the week's convention of the American Association for the Advancement of Science.

Science has found, the scientist declares, that virtually nothing is true except as it is "relatively true"—that is something may be true in relation to some other thing, as expounded by Einstein.

Even the Einstein theory of relativity, however, is due for an "exile."

Dr. Clayton C. Miller of Cleveland, president of the American Physical Society, who has been making experiments from Mount Wilson observations for the last six years, read a

Pimples

What can I do?

"Oh, why can't I have a skin like other girls? Why do I have to have these ugly pimples, blotches and blackheads?"

"If I could only find something that would clear up my skin and give me back my soft, rosy complexion, I know I would be the happiest girl in the world! What can I do?"

"Is that you talking? If it is, you don't have to worry a minute! Just build up the rich, red blood in your body. Then your skin will be as clear and soft as anybody's."

That's what S. S. S. has been doing for generations—helping Nature build rich, red blood! You can build red-blood-cells so fast that the impurities that cause breaking out on the skin hardly get into the system before the pure blood annihilates them—kills them right out—stops them from breaking out through the skin.

And then this rich, red, pure blood feeds and nourishes the tissues of the skin and keeps it looking healthy.

That's all there is to it. Healthy, vigorous, red-blood such as S. S. S. helps Nature build, makes you healthy all over. It beautifies your skin—drives away pimples, blackheads, blotches, rash, boils and eczema—gives you back your appetite—builds firm, plump flesh and fills you full of new life and energy.

All drug stores sell S. S. S. Get the latest bottle. It's more economical.

Private Capital Back of New U. S. Aero Polar Adventure

An organization financed without government aid is preparing for a new attempt to conquer the polar regions with planes. A board of control headed by William B. Mayo, formerly Henry Ford's chief engineer, and including Vilhjalmur Stefansson, the explorer, and Isiah Bowman, president American Geographical Society, is sponsoring the expedition, which will be commanded by Capt. George H. Wilkins, Australian explorer and aviator. It is planned to use two planes, with Point Barrow, Alaska, as the "jumping off" place. Photo shows type of Fokker machine to be used. In map, arrow indicates projected route to pole. X indicates starting point of Amundsen's attempted flight to pole. Heavy lines in map show routes Stefansson says airplanes eventually will use in going from North America to Orient.

COLLECTION OF
SPECIAL TAXES
IS UNDER WAY

Lisbon, Dec. 30.—"We are not experiencing any complaint about the collection of special assessments together with other taxes," commented County Treasurer Jo Pike Tuesday.

Special assessments are being collected against all property where such assessments have been placed on the duplicate. Duplicate tax books have been placed in East Liverpool, Wellsville, Salem and East Palestine and the special assessments are being collected at these branch offices the same as if they were paid at Lisbon. As a result of the collection of special assessments, municipalities will be able to increase the amount of money in local treasuries to meet certain fixed charges which follow the particular improvements for which the assessments were authorized. The December tax collecting period will extend until Jan. 20.

Frank Munsey Will
Isn't Among Papers

New York, Dec. 30.—Search of the papers belonging to Frank Munsey, newspaper publisher, owner of a chain of grocery stores and of several trust companies, who died last week, has failed to bring to light any will that he may have made, it became known today.

It came out through the filing by Munsey's former general manager, William T. Dewart, in the surrogate's

court of a petition asking Surrogate John P. O'Brien to grant an order permitting Dewart to open Munsey's safe deposit vault in the Fifth avenue branch of the National City bank.

LATEST IN STYLE FOR WOMEN

New York, Dec. 29.—Flesh and pale green are late fashions which the Parisian designers sponsor for evening gowns. The evening dresses are more sumptuous than ever before with their beaded and embroidered in dazzling colors. The flesh or green dresses frequently are ornamented with rhinestones or sequins, the latter placed very close together over a part of all the gown.

Dress designers are insisting now that evening wraps should always recall the dress with which they are worn in color. Thus an evening wrap of a contrasting color should be lined in the same colored satin or lame as the dress. No gathering of smartly dressed women in the evening is complete this season without numbers of ermine wraps so lined. The chinchilla coats and capes are similarly treated.

Pajamas essentially for wear to sleep in are soft of texture and simple of line. Those worn in boudoir privacy to lounge in are strikingly elaborate as to material. The trousers usually are of black satin gradually tightening from knee to ankle and the tops of metal brocade heavily embroidered. The coats may even be fur trimmed at collar and hem.

It is far easier nowadays to spike a hat than to spike a rumor. One of the most charming of the little French hats just imported it of green fur felt. The crown is high and the sole decoration consists of a huge spike of rhinestones which is thrust through the crown holding it in three short folds at one side.

How to Remove 88 Kinds of Stains

Perhaps you do not realize how many different kinds of stains can disfigure people's clothes.

It is almost impossible for anyone to escape having food stains on clothing at sometime or other.

What would you do if you upset the ink bottle, spilled candle grease on your best suit, ruined a gown with perspiration stains, or scorched the newest linen tablecloth?

All of these things happen every day. But there is a remedy for every blemish you may get on your clothing and household linens.

These are all listed in a 29-page booklet, with illustrations, which this bureau has for free distribution. Fill out the attached coupon and enclose two cents in stamps for return postage. Write your name and address clearly.

KILLING FISH OR ONION ODOR

Here are three ways of killing the odor of fish or onions in the utensils in which they were cooked:

If the utensil is washed, scalded and inverted over gas flames for two minutes all taste and odor is absolutely eradicated.

Another way to remove all trace of fish odor from dishes is to put a few drops of ammonia in the water while washing dishes.

And still another is to put two or three tablespoons vinegar in dish water. The fishy smell around

the sink as well as on the dishes will disappear like magic.

TODAY'S RECIPES

Scrambled Eggs and Rice—Scramble an egg, allowing one for each person, and when ready to remove from the pan add a small portion of rice which has been cooking slowly in the double boiler until well done.

Health Cookies—One-half cup butter substitute, three-quarters cup butter, two cups brown sugar, four eggs, one-half cup milk, four cups rolled oats, two cups raisins, two cups flour, two teaspoons soda, one-half teaspoon salt, one-half teaspoon cinnamon, one-quarter teaspoon cloves, two cups chopper nuts. Sift the flour, salt, soda, rolled oats and spices together. Cream the butter and butter substitute, add the sugar, cream again, add the well beaten eggs and the dry ingredients. Stir in the fruits and nuts and drop by teaspoons on a cookie sheet. Put them about two inches apart. They should not touch in baking, but each one should be crusty on all sides.

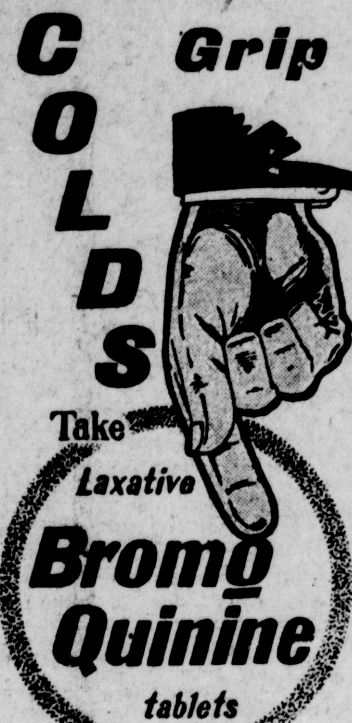

Coconut Pie—Two-thirds cup

shredded coconut, three eggs separated, one-half cup sugar, two and one-half cups scalded milk. Beat yolks with sugar and speck of salt, add whites beaten light and stir in the hot milk. Pour into deep pie plate lined with pastry and sprinkle top with nutmeg and coconut. Bake an hour. If desired, mix one-half table-spoon cornstarch with sugar and use only two eggs.

Boiled Dinner—Put a nice piece of corned beef in a large kettle of cold water early in the day; boil, and if it is very salty, change the water. About an hour and a half before dinner-time wash a number of beets very carefully and add to the meat, half an hour later put in carrots, onions, cabbage and turnips and half an hour before serving put the potatoes in. Beets may be cooked with the rest of the dinner if the skin is not broken or roots cut off. You may, if you prefer, boil them separately, however. If you have a platter large enough to contain them all, put the meat in the center and arrange the vegetables around it.
